SUMMARY

Product Designer with 5 years of in-house experience designing consumer products at scale, leading end-to-end from ideation to execution across Android, web, and multi-platform environments. Comfortable with ambiguity, metrics-driven iteration, and cross-functional ownership — with a strong craft focus and experience shipping for millions of users.

PROFESSIONAL EXPERIENCE

Stone Co.

06/2022 – 03/2026

Product Designer

Remote, Brazil

- Owned design end-to-end for an Android component library spanning 22+ device models, delivering consistent, high-quality payment UX to 4.5M+ active users nationwide.
- Led 2 zero-to-one product launches from ideation to execution — scoping, proposing, and shipping end-to-end experiences across 3 platforms and 4 organizations, navigating ambiguity and aligning cross-functional stakeholders throughout.
- Accelerated time-to-market for a new payment technology by taking full ownership as sole designer, defining success criteria and delivering production-ready specs under a compressed timeline.

QuintoAndar

12/2021 – 04/2022

Product Designer

Remote, Brazil

- Designed and iterated on features for a consumer platform with millions of users, leveraging qualitative and quantitative data to drive decisions, run usability experiments, and deliver high-fidelity prototypes with engineering and product teams.
